Capacity Crowd Attends 1st L-W Commencement

Forty five students of Lincoln-Way high school's first graduating class received their diplomas Tuesday night at commencement exercises held in the gymnasium.

The speaker, J. Lester Buford, superintendent of schools at Mt. Vernon, a prominent figure in educational circles in the state and nation, presented the thought to the students that life was similar to a relay race. The start is most important, he went on, and so a coach chooses his fastest runners to lead off.

As a rule few have much to say about their start in life, but the talents and ability one possesses should be utilized to the best of his endeavors, the speaker said.

Mr. Buford added that as a rule, the home, the churches and the schools cooperate to do a good job in developing youth but too frequently too much responsibility for the task is placed on the teachers.

The program drew a capacity crowd.

The invocation was given by the Rev. Ralph Miller, pastor of the New Lenox Methodist church, and the benediction by the Rev. Erich Bizer, pastor of St. Peter's church of Frankfort. Selections were played by the Lincoln-Way band under the direction of Robert Taylor and the school chorus, directed by Betty Tryon, sang.

The speaker was introduced by Richard Keeley, an instructor in English, speech and dramatics.

The class was presented by Supt. A. Hunter Chapman and the diplomas given out by Albert H. Krusemark, president of the board of education.

Following the program an informal reception was held for the graduates in the school cafeteria.

Pictures of the Lincoln-Way seniors will be found on the first page of the second section in this issue.

These Girls Give Village Jail Hard Time

Two teen age girls from Kenosha, Wis., who ran away in a stolen car and got as far as Frankfort before they were apprehended, are home. And Frankfort's Chief of Police, John Pease, hopes that if they run away again they will keep away from this area. The girls are quite wearing on a jail.

The pair, 14 year old Shirley Merlo and Edith Hart, 16, were picked up in Frankfort around 2 o'clock in the morning when they stopped at the Schilling restaurant and gas station at the intersection of Routes 30 and 45, and attempted to "soft talk" a supply of gas.

The girls appeared to be too young to be out alone at that hour, apparently broke and a long way from home so the proprietor stalled them and called Chief Pease.

The chief booked the pair for operating a car without a driver's license and checked with Kenosha authorities thru state police and learned that the car the girls were driving had been stolen from a parking lot in Kenosha a few hours previously. The girls claimed that the owner had given them the keys and permission to drive the car.

A Kenosha detective, the car owner and the step father of the Merlo girl came to Frankfort, the car owner to drive the vehicle back to Kenosha, and the detective and step-father, to take the girls back.

Chief Pease was glad to see them go. While waiting to be picked up the girls filled the time jamming the jail plumbing, writing on the walls with lipstick, letting the tans run until the floors were flooded and cursing the officers. This was the fourth time the Hart girl has run away, the Kenosha officer said.

Hold Open House For Mokena Men

The Holy Name Society of St. Mary's church, Mokena, will hold open house for the men of Mokena this evening, June 9, at 7 o'clock. Guest speaker will be Father Gervase Brinkman, chaplain of Stateville penitentiary for the past 2 years. Father Brinkman is also president of the Prison Chaplains of the United States.

PLAY PROGRAM DRAWS KIDS TO MOKENA PARK

Beginning Monday of this week the supervised play program sponsored by the Mokena park board has been launched for the summer under the supervision of Herbert Wrath, Jr., recreation director. The program will be conducted at the new Mokena Community park.

Scheduled activities include baseball, volleyball, horseshoes, tennis, and individual and group games, all matched to the ages of the participants. Events and games appealing to children of pre-school and school age - under fifth grade - will be scheduled for the morning hours, while the afternoon activities will be arranged for youngsters above the fifth grade.

Park facilities now include baseball diamonds with adequate backstops, picnic tables, water and toilets. Because of the act of Blaine Saxton in providing the necessary equipment without charge, the park board is now extending a waterline approximately 1,100 feet to serve the picnic and baseball areas at a savings of several hundred dollars. This improvement, it was pointed out, will contribute greatly to the convenience of park patrons.

The park facilities were enjoyed by many persons over the Memorial day week end and the board hopes that the public will continue to make use of the park in ever increasing numbers.

TOMORROW IS DOUGHNUT DAY

Doughnuts will be a familiar sight tomorrow, June 10, as this area observes the Salvation Army's annual tag day, "Doughnut Day."

From 7 a.m. until 4 p.m. approximately 12,000 volunteers will accept contributions from the public and reward the givers with the famous little brown doughnut-shaped tags. Goal of this year's drive is \$125,000.

The funds given to the Salvation Army are used to support partially the program of wide social services and emergency aid to persons in need. During the past year, the Salvation Army assisted more than 100,000 persons in the Greater Chicago area without reference to color or religion.

Included among the services, constantly maintained, are a day nursery, medical and dental clinics, a hospital for unwed mothers and their babies, extensive rehabilitation work with men on Skid Row, a summer vacation camp for children, mothers and golden agers, a home-maker service, emergency cash service at major fires and lodging to persons temporarily destitute, family casework, a missing persons bureau and many other services.

In all communities outside of Cook county, 20 per cent of the funds raised in the local Doughnut Day drives will remain with the community residents serving as local treasurers for the Salvation Army. These funds will be available for emergencies or disasters in the communities, and a financial undistributed programs of health care or other service.

This Paper Adds Sunny Acres Column

Keeping pace with the constant expansion of this area, this newspaper has added another correspondent, Mrs. Arthur Marshall, to cover the news developing each week in Sunny Acres, a suburb adjoining Mokena on the northwest. Mrs. Marshall will report business and civic occasions, cultural activities, social gatherings, matrimonial and religious occasions, in fact any and all news developing in Sunny Acres.

Residents of Sunny Acres are invited to use this column to make known to their friends in Sunny Acres and elsewhere just what they are doing. Mrs. Marshall's telephone number is Mokena 4691 - a number which Sunny Acres residents will want to jot down on their telephone pads or in their address books as a reminder to report activities which will be interesting to neighbors and friends.

FRANKFORT TO DEDICATE NEW BALL DIAMOND

A double-header has been scheduled for this Saturday, June 11, for the formal dedication of the ball field at Frankfort. The stands will be in place and will seat about 300. A village official will throw out the first ball, and there will be a flag-raising ceremony.

The first game will start about 3 p.m. when the Mokena and New Lenox Small Fry meet. The second game will be between the Mokena and Mokena teams.

The baseball season will be officially started Monday evening, June 13, when the Mokena Small Fry will be hosts to Frankfort. The game is scheduled to start promptly at 6:30. The Frankfort team will have 15 minutes for practice, starting at 6:15.

The Pony team will start its season away from home Saturday, June 18, at Manteno. This game was originally scheduled for June 14, but as this date falls on Tuesday and considering the distance, it was decided to play the game on Saturday. Most of the Pony games with villages located at some distance will be played either on Saturday or Sunday.

BOARD WANTS WEEDS CUT ON VACANT LOTS

Recent rains have stimulated weed growth with the result that vacant lots left untended are now in need of cutting.

At its meeting last night the Mokena village board took cognizance of the weed situation and have asked property owners to keep vacant lots mowed.

Mostly routine business was conducted at last night's meeting but there were some special items brought up.

The Mokena Book club, which operates the library, asked the board for permission to use the village hall. The club has been operating a library in the Geurter building, rent free, for several years. But it has received notice to vacate and new quarters must be obtained after July 1.

Space in the village hall is limited, it was pointed out, so that the library would only have book storage there. Members of the book club are on a hunt for library quarters and anyone that can help them in the quest has been asked to contact Mrs. Fred Lehmann or any other member.

Licenses of any kind issued by the village may be obtained from Village Clerk Alvin Sorensen, at his store on Front St. And speaking of licenses, automobile owners who have not purchased their vehicle stickers are to be mailed arrest tickets, notifying them to appear before Police Magistrate John Balaz a week from tomorrow, June 17. They will have to pay \$5 for the stickers plus court costs.

Plan Anti-Rabies Clinic

Edward Bruesser was hired to read water meters again this year.

Dog license fees also are due at this time. Before a dog owner can obtain a license for his pet, however, he must exhibit a certificate that the dog has received a shot of anti-rabies serum.

Arrangements will be made with Dr. George Lengerich to fix a date for clinic at which the serum will be administered.

At the request of Norval Robinson the board rescinded its previous action approving a subdivision plat of his property at Wolf and LaPorte roads. Robinson changed his plans and will ask the board later to approve a new plat showing a 66-foot street down the center and providing for seven lots.

Complaint was registered with the board of alleged violations of the 2-hour parking limit on Front St. in the business area. Some cars are parked all day in the posted area. Warning tickets will be issued.

Applications for the position of village treasurer will be considered by the board. Applications should be in the hands of Village Clerk Sorensen by June 13.

Ten building permits have been issued by the village since the board meeting last month totaling \$27,100.

The permits were issued as follows:

Mrs. Bell Robinson, new door, \$100; George Wannemacher, addition and remodeling, \$1,500; William Westman, garage, \$500; Joseph Groberek, remodeling, \$4,000; Roy Ebert, home, \$8,500; Roy Lembeck, home and garage, \$11,500; F. Baudry, siding, \$500; Willard Munch, remodeling, \$200; Herman Lorenz, repairs, \$200 and Clarence Gerrie, patio, under \$100.

Improvement Is Seen As
Great Benefit To Area

Contracts for installing a base on two miles of Francis road preparatory to black topping it, have been let by the good roads committee of the Will County board. Cliff Hammond Excavators' bid of \$72,482.23 was lowest of four submitted. Work is to begin soon.

The section for which the base is to be built lies between Gougar road on the west and Cedar road, running north out of New Lenox, on the east.

County Engineer Bert Preston indicated that the committee hoped it would have the right of way necessary to insure the proper width of the road between Cedar road and Mokena, later this year so that the contract for the base can be let next year.

The county is expected to let the contract for black topping the section between Gougar and Cedar roads next year. The base between Mokena and Cedar road can be laid next year, the blacktopping should be done in 1957.

Road builders usually prefer to allow at least a year to pass between the construction of the base and the application of the blacktop surface, to provide for settling.

The paving of Francis road has been talked of for years and Mokena residents are hopeful that the program is to be carried out at last. This road would carry practically all of the traffic out of Mokena to New Lenox or Joliet, as one would escape the truck traffic that adds to the hazards of Route 30.

Also reported on the agenda for road improvements in the Mokena area is the building and black toping of the road east of Lincoln-Way high school. This is a pet project of Frankfort township's Republican committeeman, Elmer Cooper.

Another Project

If this improvement is completed it would connect Route 30 with Francis road and would be used by buses plying between Mokena and the high school because this north and south road passes under the Rock Island tracks and thus would eliminate the grade crossing the buses now must traverse at Mokena.

Completion of the Will county link of 191st st. east of Mokena is not scheduled until next year. Engineer Preston said that it was believed best to give the link another year of settling before it is blacktopped. When this is done the road will be the shortest route between Mokena and Tinley Park.

It would also provide a direct route to Joliet from Tinley Park following Francis road west of Mokena. Incidentally, many persons seeking rural settings for homesites are building along Francis road.

Centennial Belles
To Crack Down On
Recalcitrant Women

The crinolines and stays of a century ago are likely to be current fashion on Frankfort streets starting as of yesterday, and continuing until the Centennial celebration is in full swing. There have been other centennials making the rounds in Illinois, Wisconsin and Indiana, of recent weeks, but Frankfort's celebration promises to be second to none.

By way of getting an early start in this affair, members of the Centennial Belles, who were duly authorized by Mayor Sangmeister sometime ago to enforce the wearing of approved costume of the vintage of 1855 on certain week days, will roam the business streets of Frankfort on Wednesday and Saturdays it is rumored, with authority to fine women in the Centennial area whose regalia fails to conform to specifications.

Approved format consists of centennial dress, bonnet, button, and no make-up. As the "no make-up" provision is expected to go hard with most women, an outlet has been provided in the form of a cosmetic permit button. These buttons, as well as the Belles buttons, may be purchased at Mark's Grocery, Melcher's Clover Farm, or at the Lincoln Cafe.

Mrs. Herbert Folkers, Mrs. Ralph Nieland, and Mrs. Wendell Morrison can supply the bonnets.

CARD PARTY

The VFW Auxiliary of Mokena will hold their regular card party this Saturday, June 11, at the VFW hall, starting at 8:30 p.m. Chairman is Maude Larson, assisted by Ruth Doctor Gladys Schenkel, Estelle Wiese and Mary Steinhagen.

ZONING BOARD GIVES RULINGS

The county zoning board of appeals, of which Elmer Cooper of Mokena is chairman, has disposed of several cases affecting this area.

Property of Thomas W. Fordonski on the north side of Rt. 30, in Lincoln Estates was rezoned from B3 to B2 to permit the location there of a tavern. The board voted 4 to 1 for this rezoning. Attorney Samuel Saxon, of Plainfield, voted against the change because of the proximity of a church.

Five lots owned by Alexander S. Duncan in Park View Acres, at the southeast corner of Wolf and LaPorte roads, in Mokena, have been rezoned from R 2 to B 1. Duncan told the board he plans to have a real estate office there, also a TV store and a grocery store. He presented a petition signed by 11 of the 13 nearby property owners, to the effect that they had no objections to the rezoning. Julian Perry, of Frankfort, who owns property near the location, filed written objections with the board and gave it the names of 15 property owners who oppose the change. Perry said.

One Variation Granted

The petition of Frank Jurcak for re-classification of property at the north east corner of Wolf Rd. and Route 30, from farm land to light business, to permit the operation of a "kid-land", was granted.

And a variation was granted to permit Elmer C. Olson who resides on Edmond road south of Francis road in New Lenox township to operate commercial dog kennel. The kennel was limited to 20 dogs.

A request denied was that of E. J. Gleason, whose property is in New Lenox township on Rt. 30, the fifth lot east of Spencer Rd. The property is now classified as farmland. Gleason asked that it be classified B-3 to permit the operation of a roller skating rink. Hearing on the petition was conducted at the Rock Island railroad station in New Lenox. Twenty three persons from the immediate area appeared at the hearing as objectors.

These decisions of the appeal board will be submitted to the board of supervisors for final action. The supervisors are to meet June 13.

CHURCH STARTS CLOTHING DRIVE

The Park View Baptist church is making plans for a used clothing drive. All clothing will be collected by the church for free distribution to needy families in the Mokena area, and to the Sunny Ridge Children's Home, Wheaton, supported by the Park View Baptist church

Rights To Water
A farmer may have several kinds of water on or adjacent to his property - streams, surface waters, underground waters, ponds and lakes. In all of these waters he has certain rights to use the water but there are also some limitations. At a time when many people are proposing new water laws for agriculture, the farmer should be familiar with these rights and restrictions so that he can make his own suggestions.

**Cub Scout Pack 255
Has Family Outing**

The final activity of the season for Cub Scout Pack 255, Tinley Park, took place last Saturday, at Tinley Creek Woods, in the form of a family outing. Each family brought a picnic lunch and the Scout organization supplied soft drinks, ice cream and crackerjack. Various races for separate age groups furnished much competition and hilarity: sack races, 50 yard dash, wheelbarrow race for the Cub Scouts, penny toss for those under Cub age, a pie eating contest for those above Cub Scout age, and egg toss for the fathers and mothers.

Cub Scouts who won in races were Robert Marcello, Carl Jirka, Steve Jacobs, John Knudsen, Mike Richardson, Bill Schulten, Rocky Mahoney, Dick Virtue, Tony Van Slyke and Jim Nellis. Prizes included all the things boys like, such as baseball bats.

The mothers who won prizes were Mrs. Dorothy Wheeler and Mrs. Fern Mager, and the fathers winning contests were Jim Nellis and Fran Meachim. Bob Jirka won the pie eating contest.

Ron Whitaker Says:

I'd like to have a word with all you boating men, whether you own a rowboat or a yacht. I particularly know the interest most of you have in boating, because I'm one of you. (Actually though, I'm a lot closer to the rowboat class than the yacht!)

Most of you have a substantial investment in your boat and / or motor. It's only common sense to protect that investment against unforeseen hazards, both in and out of the water.

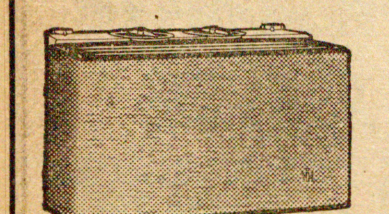

The perfect way to do this is with "All-Risk" boat and / or motor policy. The cost is low, and the protection is all-inclusive.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today. Here's what happened—

Daytona Beach. NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach. NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

ALPINE

Mrs. E. Mrosek
Orland 2841-R

Maue's annual school picnic, sponsored by the PTA, held in the beautiful Messenger Woods, was well attended and enjoyed by all.

Following the potluck picnic lunch, competitive games were played and prizes were awarded the winners. A fast moving baseball game between fathers and sons concluded the program. This game ended with a score of 12-10 in favor of the fathers. Seven of Maue's students graduated in exercises held in the Orland elementary school gymnasium, Wednesday evening, June 8. They were Thomas Cripps, Jerry Gorman, Arthur Maue, Nancy Poloquin, Larry Semetis, Robert Stellwagen and Reed Williams.

Tommy, son of Mr. and Mrs. Henry Cripps, received all of his elementary education at Maue. In the field of sports, he has already made a bit of a reputation for himself as a golfer. His main academic interest is Math. Tommy gave a reading, "The American Dream", at graduation.

Jerry, son of Mr. and Mrs. John Gorman, received all of his elementary education at Maue. Jerry plays a lot of baseball, is a 4H club member and likes Math.

Arthur, son of Mr. and Mrs. Owen Maue, received all of his elementary education at Maue. Arthur likes baseball, is a 4H club member and is interested in agriculture.

Nancy Poloquin, daughter of Mr. and Mrs. Joseph Poloquin, is the only girl in the graduating class of seven. Nancy is so interested in everything that she can't make up her mind as to what she would like to do most. She takes accordion lessons, enjoys dancing and spends much time with her adored youngest sister. She received all of her elementary education at Maue.

Larry, son of Mr. and Mrs. John Semetis, has a variety of interests. Like his brothers, he takes naturally to baseball. Larry also received all of his elementary education at Maue.

Robert, son of Mr. and Mrs. Harwood Stellwagen, received all of his elementary education at Maue. Robert plays baseball, is a 4H club member and is interested in Church work and nature studies.

Reed, son of Mr. and Mrs. Chester Williams, attended Maue through grades 5-8 inclusive. He had previously attended the Caldwell school in Chicago. He plays baseball and has a variety of interests, chief of which seems to be science and geology.

Eighth grade mothers entertained at a progressive dinner followed by a movie in honor of the graduating class, Tuesday afternoon. Hostesses were Mrs. Henry Cripps, who served the first course; Mrs. Owen Maue, the main course and Mrs. Chester Williams, the dessert course.

Walter, son of Mr. and Mrs. Albert Reeves, graduated from the elementary school in exercises held in the Trinity Lutheran church, Tinley Park, Sun-

day evening. Walter attended the Lutheran school during his last year. He had previously attended Maue school. Walter enjoys playing baseball and is a 4H club member.

Mr. and Mrs. Reeves have entertained relatives and friends at various times in honor of the occasion.

4H News

The Alpine Girls 4H club held a regular meeting at Maue school, Monday evening, May 23 with Betty Stellwagen in charge. Plans for a club tour in June were made.

Nancy Klepser gave a talk on what she had learned at the Pressing party. Elaine Yunker gave a talk on measurements for baking. Carla Mrosek, Kay Maue and Betty Stellwagen played piano solos. Bonnie Rector, Delores Kohene and Shelby Rector sang.

All enjoyed a weenie roast at the Stellwagen home. Guests were Joan Stellwagen and Mrs. Walter Laufer.

The Alpine Girls 4H club was well represented at the Share the Fun night held at the Farm Bureau, Thursday evening, June 2. Bonnie Rector, Delores Ko-

hene and Shelby Rector sang, as did Marie Gawlik and Carla Mrosek, accompanied by Patsy Felsch at the piano. Kathy Hago gave a vocal solo.

NEW IDEA FOR TRAINING PILOTS AT U. OF ILLINOIS

Pilots may learn to fly by looking at instruments before they learn by watching the ground - which is completely the reverse of usual procedures - if the newest idea being tested at the University of Illinois works out.

While they will not become instrument pilots, they will be able to handle themselves in an emergency when sight of the ground is blotted out. The project is being carried out by the University's Institute of Aviation and its Aviation Psychology Laboratory under the grant from the Link Foundation.

Increasing grain production in southern Illinois will mean better marketing service for farmers and more profit for grain handlers.

Never wash eggs for more than three minutes.

CHRISTIAN SCIENCE CHURCHES

How the real man of God's creation is divinely protected, maintained and sustained will be brought out in the Lesson-Sermon entitled "God the Preserver of Man" at Christian Science services Sunday, June 12.

Keynoting the Lesson-Sermon is the Golden Text from Isaiah (43:23): "When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee: when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee. For I am the Lord thy God, the Holy One of Israel, thy Saviour."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (131:23-24): "The divine Mind that made man maintains His own image and likeness."

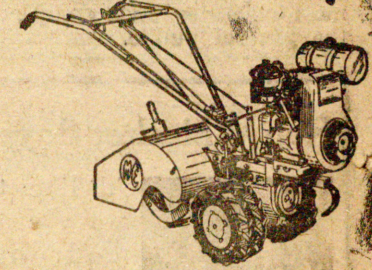

The Scriptural selections will include the following from Psalms (40:11): "Withhold not thou thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me."

The oldest system of counting was based on the five fingers of one hand, and our decimal system, is, of course, based on two hands.

MAKE PLANS FOR ALL-STAR BALL GAMES

Rules and regulations governing play in the Wilco Baseball league were discussed at an official meeting of the organization held Monday night at Frankfort.

The Small Fry had representatives present from Frankfort, Mokena, Manhattan, New Lenox, Orland Park and Tinley Park, which make up the northern division, and Grant Park, Beecher, Matteson, Monee, Peotone and Steger from the southern division.

The Pony league was represented by Beecher, Frankfort, Manhattan, Manteno, Mokena, Orland Park, Peotone and Tinley Park. It was decided that Small Fry games are not to start later than 6:30, and should the host team desire to postpone the game the visiting team must be notified before 5 p.m. of the day

of the contest. There will be a minimum of two umpires at each game. The home team is to furnish the umpire behind the plate while the visitors are to furnish the base umpire.

The season is to be divided in half, with a division winner each half, in the same division, the two teams shall play one game to determine the division champion.

Division champions are to play a series of three games with the league championship going to the winner of two tilts. The league All-Star games are to be played Saturday night July 2, at Manhattan.

The Small Fry All Stars are to start their game at 7 o'clock, the Pony Stars will begin play at 9:00.

Manhattan's park serves as site for the All-Star games. Three players from each team will be selected to play in the Small Fry All-Star contest, thus giving each division team a roster of 18 players.

Because there are fewer Pony league teams, four players will be selected from each for the All Star squads in that loop, a North team and a south team.

Don Boston of Tinley Park, league commissioner, was present at Monday's meeting and spoke briefly outlining the steps in the history of the Small Fry. In the winter of 1951 several communities that had been discussing youth problems talked of forming a baseball league. In 1952 Little League officials were contacted but Mr. Boston soon discovered that the Little League had regulations which were not practicable in small communities.

It was then that the Small Fry came into existence and the Wilco league formed. Boston spoke of the trials and tribulations but added that each year the league became stronger and has gained a solid place in the youth program of the area.

Everything has been on a volunteer basis. The managers, the coaches, the umpires have all given freely of their time and efforts in bringing success to the program.

Mr. Boston stressed three points—proper supervision of the players; acceptance of umpires decisions and display of good sportsmanship. The winning of a game is not important but the manner in how it is won, he declared.

Frankfort Wins Practice Tilts On Two Loops

Frankfort ballteams took a double-header practice bill last Friday night in trying out the new lighted field at Frankfort before its formal dedication.

The Small Fry dusted off New Lenox 9 to 8 and in the nightcap the Frankfort Pony nine blanked Mokena, 6 to 0.

Mokena, its supporters say, needs more practice.
